## DEDICATED SUPPORT

Our team is dedicated to working with you as you consider how God is calling you to use your medical skills in ministry—and supporting you once you go. From keeping up with US and International medical and privacy laws, to providing basic health services or orchestrating emergency medical evacuations, IHM exists to serve our missionaries while playing an integral role in ABWE's global church-planting efforts.

ABWE EXISTS TO FULFILL THE GREAT COMMISSION BY **MULTIPLYING LEADERS, CHURCHES AND MISSIONS MOVEMENTS** AMONG EVERY PEOPLE.

## OUR MISSION

We believe healthcare is a powerful tool for serving the physical and spiritual needs of a sick and hurting world. In our nearly 90 years of ministry, we have seen compassionate medical care soften hearts to hear the important message of the gospel—changing lives for today and eternity.

Our goal is to use medicine toward our end vision of multiplying leaders, starting churches, and launching missions movements. Each year, tens of thousands of patients hear the gospel at an ABWE medical ministry. Thousands come to Christ.

But we can't do any of this without you.

- **5,000+** churches planted over **90 years**
- **1,000+** missionaries engaging in evangelism, discipleship and church-planting leveraging all sorts of ministry and job skills
- **500+** churches sending missionaries together to 70 countries on all six continents\*  
(creative-access countries not shown)

“How will they be saved unless they believe, how will they believe unless they hear, how will they hear unless someone tells them, how will someone tell them unless someone is sent?”

**ROMANS 10:13-15**

## HOW YOU CAN GET INVOLVED

We are looking for healthcare professionals who want to see that people are not only healed, but their eternal destinies are changed.

Consider a rotation, a month-long trip to provide relief coverage for a team, or serving as a career medical missionary on one of our fields.

No matter your skill set, or your time commitment, we'd love to talk to you about how God can use you as a church-planting, medical missionary!
