

# Graphic Design Internship

## Do you have a heart for missions?

ABWE needs your help to share the story of hope, build communities of faith and serve the world with love.

### Ideal candidate must:

- Have 2 years of experience in your major (*College Junior/Senior/Recent College Graduate*)
- Ensure good design execution
- Present clear ideas and concepts to clients and other team members
- Have a strong interest in and following of latest design trends, technology and social media
- Possess solid knowledge of the latest version of programs, including InDesign, Photoshop, and Illustrator (Ability to work in HTML and mailchimp are a bonus.)
- Have passion, integrity, and energy and a willingness to learn

### The Details:

ABWE's summer internship is an unpaid volunteer position, but what we can't offer in dollars, we promise we will make up for in fun hands-on experience. You'll work with a creative team of writers, editors and the principal designer to help spread encouraging stories of God's work through out the globe. Check out our award-winning Message Magazine for just one example of a project you will be working on.

Our timeline is flexible depending on your dates of availability. Weekly hours will be determined in part with your advisor and any course requirements for those pursuing academic credit.

We are located outside of Harrisburg, PA so a car is required. Based on availability, housing can be provided at no cost to you - we have a fully furnished and stocked apartment on our campus - possibly the easiest commute you'll ever have.

### To apply:

Please send a letter of interest along with PDF or online portfolio to Lauren Miller, ABWE Art Director, at [lmiller@abwe.org](mailto:lmiller@abwe.org) by April 15, 2019.
