MEMORIAL CHRISTIAN HOSPITAL

Bringing Hope & Healing
Since 1965

using healthcare to **GROW THE KINGDOM**

We believe healthcare is a powerful tool for serving the physical and spiritual needs of a sick and hurting world.

In our 50+ years of ministry, we have seen compassionate medical care soften hearts to hear the important message of Truth, changing lives for today and eternity.

“Let us not love in word, neither in tongue; but in deed and in truth.”

— 1 John 3:18 —

SUPPORT

- Teachers, Theological Educators & Church Planters
- Construction/Maintenance
- Guest House Manager
- Business Manager
- IT Support, Media & Communications

our VISION

Memorial Christian Hospital has been serving a restricted-access population in South Asia since 1965. In early 2020, a new 120-bed, full-service hospital building was opened, providing excellent and compassionate care for tens of thousands of patients.

We are passionate about bringing God glory by using the instrument of medicine to grow His body. The hospital ministry continues to see great fruit while providing an environment in which many other intentional ministries are able to exist.

*“Expect great things from God;
attempt great things for God.”*

— William Carey —

our TEAM

Our 43-acre medical campus also provides housing, a school, a AV department, and employs 450 national workers. Opportunities to serve extend far beyond the need for healthcare professionals.

EDUCATION

From big-city, private Christian-education, to local Muslim and Hindu villages where no formal education is available, we need teachers who love children and want to share the Truth with them.

TRANSLATION

Help us expand our translation and literature efforts by developing and distributing health and wellness literature, as well as the literary tools necessary for spiritual growth.

OUTREACH

In addition to mobile clinics, you can serve with social work programs, or an audio/visual department that produces health and spiritual materials for the hospital.
