

# Protect Yourself and Your Family Online

Has partnered with Covenant Eyes to offer their services to all personnel.

## What you receive:

- Internet Accountability (and, optionally, Filtering) for all your work and personal devices,
- 24-7 Access to our hand-selected Resource Library, with e-books, videos, support materials and much more.
- Free, ongoing technical support from the Covenant Eyes Customer Service team.

## How does Covenant Eyes Internet Accountability and Filtering Work?

### 1. Your devices are monitored

Install Covenant Eyes on all your devices. We monitor and keep a record of all your Internet browsing. If you'd like, we'll even block the bad stuff with our optional Filter.

### 2. An Accountability Report is sent to a trusted friend.

We provide a Report of where you went and what you did online to a person you have selected as your accountability partner.

### 3. Conversations help you find freedom

A trusted friend receives your Accountability Report and can use this information to help you break free. (Parents, receiving your kids' reports is a great way to start talking about Internet safety with them.)

This is the power of relationships.
