

# Simanyene Center and Residential Home

Simanyene Center and Home exists to glorify God by supporting children and young adults with physical and intellectual disabilities. Our mission is to help each individual reach their full God-given potential.

We are expanding! Our current home has 12 clients (4 children and 8 adults) and has been full with a waiting list for several years. It is our prayer to provide a loving, caring home for more of the children and young adults who have disabilities in our communities. We have found a wonderful home in the same neighborhood that will work perfectly for our children's Home. Half the funds for this property have been raised and we are in need of another \$25,000 to purchase it. It will eventually need to be expanded but could be used right away.

Would you pray about helping us? If so, please send your gift to [abwe.org/give](https://give.abwe.org/give) account no. 0762141 (005) or follow the link below.
